

Comfort and convenience, right at your bedside!

atHand™

OVERBED TABLE SYSTEM

Keep everything in reach with the atHand Overbed Table System – designed to fit your lifestyle and enhance comfort, safety and independence.

Height adjustable tray table and storage module for use over a bed or chair. Tray table rotates forward for added comfort or folds down when not in use.

Includes one-touch LED lighting with three levels of brightness, integrated power and USB outlets, and a sturdy tray table that holds up to 100 pounds.

Optional accessory kit includes a cup holder, trash bin, open shelf basket, and small storage bin. Personalize the system by placing them wherever it's convenient!

Also available – additional drawer or storage shelf to stow more of your must-haves out of sight, but not out of mind.
